Elizabeth Goldentyer, DVM
Regional Director- Animal Care
920 Main Campus Drive,
Suite 200, Unit 3040
Raleigh, NC 27606-5213

Dear Dr. Goldentyer:

As you may recall, the Northwestern University research facility registration that was due for renewal on February 6, 2002 lapsed, and was not renewed until April 11, 2002. The break in registration was identified and cited in the USDA inspection report of June 11, 2002, by Dr. Kenneth Kirstein, DVM, USDA, APHIS, Animal Care. In accordance with the advice provided by your office, we enclose two Annual Reports of Research Facility (APHIS form 7023). The regulated activities from October 1, 2001 to February 6, 2002 were performed under registration number 33-R-0040 and the regulated activities from April 11, 2002 to September 30, 2002 were performed under registration number 33-R-0129.

We were also advised to provide information on the numbers of animals covered by the Animal Welfare Regulations and used during the break in registration, as follows:

Species	Numbers	Pain Level
Dogs	12	D
Cats	30	D
Guinea Pigs	6	D
Hamsters	163	D
Rabbits	115	D
Non-Human Primates	51	D
Pigs	27	D
Goats	5	D
Chinchillas	10	D
Gerbils	157	D
Ground Squirrels	23	D

We trust that this will provide the information required to accurately report our animal use during the last year. If we can be of any further assistance or provide additional clarification please contact me.

Sincerely,

Lydia Villa-Komaroff, PhD

REPORT OF ANIMALS USED BY OR UNDER CONTROL OF RESEARCH FACILITY (Attach additional sheets if necessary or use APHIS FORM 7023A)

A. Animals Covered By The Animal Welfare Regulations	B. Number of animals being bred, conditioned, or held for use in teaching, testing, experiments, research, or surgery but not yet used for such purposes.	C. Number of animals upon which teaching, research, experiments, or tests were conducted involving no pain, distress, or use of pain- relieving drugs.	D. Number of animals upon which experiments, teaching, research, surgery, or tests were conducted involving accompanying pain or distress to the animals and for which appropriate anesthetic, analgesic, or tranquilizing drugs were used.	E. Number of animals upon which teaching, experiments, research, surgery or tests were conducted involving accompanying pain or distress to the animals and for which the use of appropriate anesthetic, analgesic, or tranquilizing drugs would have adversely affected the procedures, results, or interpretation of the teaching, research, experiments, surgery, or tests. (An explanation of the procedures producing pain or distress in these animals and the reasons such drugs were not used must be attached to this report)	F. TOTAL NO. OF ANIMALS (Cols. C + D + E)
4. Dogs					
5. Cats					
6. Guinea Pigs					
7. Hamsters					
8. Rabbits			9		9
9. Non-Human Primates					
10. Sheep					
11. Pigs					
12. Other Farm Animals					
13. Other Animals					
Octodon degu	4				

ASSURANCE STATEMENTS

- Professionally acceptable standards governing the care, treatment, and use of animals, including appropriate use of anesthetic, analgesic, and tranquilizing drugs, prior to, during, and following actual research, teaching, testing, surgery, or experimentation were followed by this research facility.
- Each principal investigator has considered alternatives to painful procedures.
- This facility is adhering to the standards and regulations under the Act, and it has required that exceptions to the standards and regulations be specified and explained by the principal investigator and approved by the Institutional Animal Care and Use Committee (IACUC). A summary of all the exceptions is attached to this annual report. In addition to identifying the IACUC-approved exceptions, this summary includes a brief explanation of the exceptions, as well as the species and number of animals affected.
- The attending veterinarian for this research facility has appropriate authority to ensure the provision of adequate veterinary care and to oversee the adequacy of other aspects of animal care and use.

ASSURANCE STATEMENTS

- 1) Professionally acceptable standards governing the care, treatment, and use of animals, including appropriate use of anesthetic, analgesic, and tranquilizing drugs, prior to, during, and following actual research, teaching, testing, surgery, or experimentation were followed by this research facility.
- 2) Each principal investigator has considered alternatives to painful procedures.
- 3) This facility is adhering to the standards and regulations under the Act, and it has required that exceptions to the standards and regulations be specified and explained by the principal investigator and approved by the Institutional Animal Care and Use Committee (IACUC). A summary of all such exceptions is attached to this annual report. In addition to identifying the IACUC-approved exceptions, this summary includes a brief explanation of the exceptions, as well as the species and number of animals affected.
- 4) The attending veterinarian for this research facility has appropriate authority to ensure the provision of adequate veterinary care and to oversee the adequacy of other aspects of animal care and

PART 1 - HEADQUARTERS

Annual Report Checklist

Note: The intent of this checklist is to aid in the completion of the APHIS Form 7023 (Annual Report of Research Facility). It is not intended to be the only reference. Please check with your Animal Care Inspector or Regional Office if you have further questions or concerns. For your information: Annual reports will become available through the FOIA.

- ☐ Only one Annual Report submission is authorized per facility.
- ☐ Report must be legible and all applicable blanks must be completed.
- ☐ The certification signature, by the legally responsible official, and date block must be completed without exception.
- ☐ Animals used in more than one protocol are counted in the most painful/distressful category.
- ☐ Common names of animals must be used under "Other Animals" and "Other Farm Animals".
- ☐ Report wild rodents. Do not report the use of laboratory rats, laboratory mice, birds, or other animals which are exempt from regulation under the AWA.
- ☐ A summary of exceptions to the regulations and standards, specified and explained by the principal investigator and approved by the IACUC, must be attached.
- ☐ Column E explanation(s) must be attached and must contain: (See attached optional Column E reporting form).
 - ☐ facility registration number.
 - ☐ number and species of animal for each Column E study.
 - ☐ description/explanation/purpose of study.
 - ☐ scientific or regulatory justification for withholding of pain/distress relief (A justification that merely states that pain relief may interfere with test results is not adequate.) and
 - ☐ multiple Column E explanations must state the number and species of animal used for each one.
- ☐ Studies involving "death as an endpoint" or LDxx studies, must be well documented and justified.
- ☐ You do not need to include the following in your annual report:
 - Protocols
 - Complete site addresses in Block #3 (Location descriptions such as "Biology Department" are acceptable).
 - Names of IACUC members or Principal Investigators
 - Program of Veterinary Care

Internet Instructions for Annual Report of Research Facility APHIS Form 7023 and 7023A

We now accept electronic submissions via the Internet. Go to <http://www.aphis.usda.gov/ac> and select *Annual Report Submission*.

You will need a user id/password before attempting to enter the animal use survey data (APHIS Form 7023 and 7023A). The user id/password allows you to log in at the Animal Care Web site and begin entering animal use survey data on APHIS Form 7023 and 7023A. The following steps describe the process for using the Internet to submit the APHIS Form 7023 and 7023A.

Password Request

The *Password Request* menu option allows you to apply for a password to be used when you are ready to enter data for the APHIS Form 7023 and 7023A. You may also request an existing password to be mailed to you. To apply for a password, simply provide your Research Facility Registration Number and a user id of 6 to 10 characters of your choosing. After verifying your Research Facility Registration Number with our records, the *Password Request* will continue by creating a computer generated password that will be associated with your user id. The password will be mailed to the address of record for your research facility.

Submit/Review/Correct APHIS Form 7023

After receiving the password in the mail created using *Password Request*, return to the Animal Care Web site and choose *Submit/Review/Correct APHIS Form 7023*. You will be asked to enter your user id and password in the *Login Form* screen. The brief *Login Form* screen that you will see is required to verify your user id and password for your Research Facility. Upon determining a valid user id/password pair, the APHIS Form 7023 will be displayed and made available for entering the animal use survey data. If you need to report Other Animals, you will be given an opportunity using APHIS Form 7023A.

If you enter a value for Column E, you will be provided with a screen that allows Column E explanation.

Finally, you will be presented with the Assurance screen. At this point, after agreeing to the terms of the Assurance statement, you must provide the name of the signature of the CEO or institutional official and the name and title of the CEO or institutional official.

After submitting the assurance statement, you will be redirected to the status screen. The status screen lists the forms you have submitted and the status. The status can be "Draft" or "Final". Until you save your work as "Final" all information remains in "Draft" form. Draft status allows you to print, exit and return at a later time to make modifications prior to submitting as "Final".

If APHIS requests a correction, to the APHIS Form 7023/7023A submission, you will receive a Correction Notification letter and an e-mail (if an e-mail address was provided to APHIS) notification. The Regional Office will reset the APHIS Form 7023/7023A to *Draft* status. You will access the Web site, login, make the necessary correction and submit as *Final*.

If the Certificate Holder requests a correction, to the APHIS Form 7023/7023A submission, please contact the respective Regional Office. The APHIS Form 7023/7023A will be reset to *Draft* status. You will need to access the Web site, login, make the necessary correction and submit as *Final*.

If you have additional questions regarding using the Internet to submit your APHIS Form 7023 and 7023A information, please contact your respective Regional Office both of which are listed below:

USDA, APHIS Animal Care Eastern Region
920 Main Campus Drive, Suite 200
Raleigh, NC 27606
919-716-5537
POC: Joseph Nelson

USDA, APHIS Animal Care Western Region
2150 Centre Avenue, Building B, Mail Stop 3W11
Ft. Collins, CO 80526
970-494-7478
POC: Melanie Porterfield

Public reporting burden for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Department of Agriculture, Clearance Officer, OIRIM, Room 404-W, Washington, D.C. 20250; and to the Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, D.C. 20503.

INSTRUCTIONS FOR COMPLETION OF APHIS FORM 7023

(Refer to 9 CFR Part 2, Subpart C, Section 2.33 and 2.36)

- ITEM 1 - Enter registration number as assigned to the Research Facility by United States Department of Agriculture (USDA).
- ITEM 2 - Enter the complete name and address of the Headquarters Research Facility as registered with USDA.
- ITEM 3 - List Location of each Facility or Site where animals were housed or used in actual research, testing, teaching, or experimentation, or held for those purposes. (Attached additional sheets if necessary.)
- ITEM 4 - 13 - DO NOT enter numbers in Column A. DO NOT add numbers entered in Column B into the total in Column F. Column F is to show total of numbers entered in Columns C + D + E. Entries in Column E must be explained on attached sheet(s).
- ITEM 12 - List by common name all other farm animal species.
- ITEM 13 - Other: List, by common name, all other warm blooded animal species covered by the Regulations. (This will include all wild or exotic species.) Attach additional sheets if necessary or use APHIS Form 7023A.

CERTIFICATIONS: Must be signed by the Chief Executive Officer (C.E.O.) of the Registered Research Facility or other Institutional Official (I.O.) having authority to legally commit on the behalf of the Registered Research Facility. Sign, Print or type Name and Title, and Date.

RETURN COMPLETED FORM WITH AN ORIGINAL SIGNATURE OF C.E.O. OR I.O. TO APPROPRIATE SECTOR OFFICE.

RE: ANNUAL REPORT SUBMISSION

Dear Registrant:

Under the Animal Welfare Act (AWA) regulations, all active or inactive research facilities, or those cancelled during the Fiscal Year must file an Annual Report (APHIS Form 7023) with the Animal Care Regional Office documenting their activities and animal usage for the Federal Fiscal Year (October 1 through September 30) by December 1 of that year. Research facilities whose registrations were terminated during the Fiscal Year must also fulfill this requirement. Failure to do so constitutes a violation of the AWA and its regulations.

We offer two methods for submission of the Annual Report (APHIS Form 7023); regular mail or electronic submissions via the Internet. The Animal Care web site (<http://www.aphis.usda.gov/ac/>) provides instructions for Password Application and access to submit via the Internet.

If you elect to submit via regular mail, please complete the enclosed APHIS Form 7023 and return the original to the address listed to the left. Detailed instructions are provided on the enclosed Annual Report Check List. All research facilities should complete Items 4 through 13 if applicable. Negative reports are required. Also required is the Date, Signature, and Title of the Chief Executive Officer or other legally responsible official who attests to the accuracy of the report and to the assurance statements. We appreciate your prompt attention to this matter.

We appreciate your efforts in complying with the Animal Welfare Act. Contact this office at (919) 716-5532 or (919) 716-5537 if you have any questions regarding this letter or the Animal Welfare Act.

Sincerely,

Elizabeth Goldentyer, DVM
Regional Director - Animal Care
